

Little Ninjas for Jesus

Our unique martial arts program trains up Little Ninjas with a strong focus on godly Christian character. It is a starter program teaching basic, foundational martial arts skills and designed to launch young students into their full, God-given potential. Our Ninjas are known for having lots of fun, as well as showing improved discipline, focus, and confidence.

My name is Michele McKee and I am the coordinator of the Little Ninjas for Jesus martial arts program. Little Ninjas for Jesus is a Christ-centered martial arts program that instills Christian values in a fun and enthusiastic manner. This program will build your child's confidence and promote a greater sense of discipline and respect. It is uniquely designed to enhance the well roundedness of every child who participates. It looks at every child individually and hones in on his or her strengths and weakness, that they may grow to influence others within their class or on the playground in a positive manner. We all influence others; it's up to us to choose how we want to influence them. Little Ninjas focuses on being physically and mentally fit. It was started as a means of training children at a young age how to overcome obstacles. Respect, discipline, and self control are the under-riding themes of every class. I look forward to the opportunity to work with your child as a Little Ninja.

What Ages?

Our Little Ninjas are usually between the ages of 3 and 8. However, we consider each child individually. We are glad to work with older students on a leadership basis--that is, older students help lead and act as examples while developing their leadership skills.
